**Subject:** Attn Mill Valley Mayor and Council Members: Please vote to approve the Arts & Culture provisions of MV2040 as presented and without amendments

Dear Mill Valley Mayor and Council Members,

Please approve the Arts & Culture provisions of MV2040 as presented and without amendments. I have been following the Regular City Council meetings closely and attended last week's in-person. I feel that the Arts & Culture Subcommittee's provisions are not being considered sincerely--which is to the detriment of Mill Valley's future and a dishonor to its artistic history.

Once again, please approve the Arts & Culture provisions of MV2040 as presented and without amendments.

Sincerely,

Chris Britt
