This is a wonderful program for kids who are 10 and under. It helps them develop essential physical skills before they reach adolescence and also fosters healthy and positive attitudes towards sports and competition. "Quick Start Tennis" offers a standardized progression of court size, racquet size and ball speed appropriate to the age, skill level and physical characteristics of the kids on court. Smaller courts, lighter and more manageable racquets and slower bouncing balls allow the kids to play right away and fall in love with this great sport for life.
